

PROVIDER PROFILE

Since we opened our doors in 1996, Advanced Ornamentals has seen tremendous growth and change. We have expanded to 500 acres of product which has allowed us to diversify our product mix to over 200 varieties of plants. We provide both balled and burlap and container nursery stock with sizes that range from liners to larger, landscape grade material. This allows us to accommodate the needs of growers, retailers, landscapers, and re-wholesalers. No matter what category your business falls into we believe we can give you a quality grown plant from Oregon at a price that makes it a good value.

Advanced Ornamentals grows a wide variety of items that includes groundcovers, deciduous and evergreen shrubs, ornamental trees, and grafted conifers. Groundcovers include *Sarcococca* and *Arctostaphylos*. Deciduous shrubs include *Clethra*, *Syringa*, and *Viburnum*. Evergreen shrubs include *Buxus*, *Calluna*, and *Pieris*. Ornamental trees include *Cercidiphyllum*, *Cornus*, and *Magnolia*. Grafted conifers include *Abies*, *Cedrus*, and *Chamaecyparis*.
